DREAMers are everywhere. If you know any local DREAMers, make sure they know they have your support. Ask them specifically if there is anything you can do to help. Please let them know that Puente is here to help DREAMers on the South Coast, even by providing assistance with filing fees.

1. Calling Our Legislators!

You can call your legislators and the White House directly. Here’s a little more information on how to do it.

Call, mail or e-mail your Representative

It is now up to Congress to fix this problem It is up to your representatives in Congress to secure the futures of DACA recipients with a legislative fix: A clean DREAM Act bill that supports a pathway to citizenship and does not leverage other family members(S.1615 (Senate) / H.R.3440 (House of Representatives).

Here’s a sample script for calling or emailing the President about DACA:

What do I say?

My name is ______. I am appalled by your decision to terminate protections for 800,000 DACA beneficiaries who pay taxes, attend our colleges and universities, and contribute to our communities as doctors, lawyers, teachers, social workers and business owners. Such a decision could reduce the U.S. GDP by more than $400 billion over the next decade. I urge you and Congress to work to pass a legislative solution that will ensure the protection of those affected by your decision to terminate DACA."

2. Be active in social media

Spread the word about DACA by tweeting #IStandWithDaca or #DefendDACA, posting on your Facebook and other social media accounts.

Here is a link to just one of the organizations that is targeting certain members of Congress who might be swing votes for the DREAM Act via social media. https://dreamacttoolkit.org
Another way to use social media for advocacy is to search for the social media accounts of organizations that you think are doing good work and retweet or repost their images and messages to boost their message. Feel free to share Puente posts!

You also can directly message/post/tag/tweet at your representatives and the President. Some will respond and some will not.

Remember that social media is PUBLIC RECORD. So don’t say anything you wouldn’t say in public.

3. Take to the streets

Make your voice heard physically by attending or organizing a rally or march against the end of DACA. In times of struggle, coming together as a community is very important. Gather friends, family, and neighbors to march against harmful Administration policies.
